Presentation of TCC Shared Governance Portal

All members should now have a link in Blackboard (under “My Organizations”) to TCC Shared Governance Portal. This will be used for communication online; the Blackboard Collaborate Ultra meeting room designated for each committee is always there and open. Anyone can “follow” any other governance committee to receive information about changes, etc.

- **Kellie Sorey**

Changes to the Trucking curriculum

A co-op portion was added to the Trucking curriculum to extend it to a 16-week program. Students enrolled in programs shorter than 16 weeks in length are not eligible to receive federal financial aid. This change was made without a vote by the committee because it needed to happen more immediately or risk hurting our students and/or program directly.
